In accordance with the terms and conditions of the above referenced right-of-way grant or TUP you are hereby authorized to proceed with the activities noted below in the locations specified. Map(s) are attached. ☒ Yes ☐ No

Activity	Location
Notice to Proceed to proceed with Phase II and III of the Genesis Solar Energy Project as described in the Plan of Development submitted October 2010. The proposed work will consist of all necessary construction activities to construct and commission a 250 MW parabolic trough solar power plant including, but not limited to site preparation, grading, foundations, assembly and erection of solar field components, installation of piping systems, installation of electrical systems, steel erection, setting of equipment related to the circulation of heat transfer fluid and steam generation systems, setting of equipment related to water treatment systems, and installation of power distribution and transmission. The Holder, or its assigned monitoring contractor must demonstrate full compliance with the ECCMP (Appendix 6, Record of Decision, November 4, 2010) within 30 days of this Notice. This includes, but is not limited to submitting weekly and monthly monitoring field reports, developing an updated communication structure, (cont.)	See Attached Map and Drawings (cont. from Activity column) implementing a project website and a functioning data repository, etc. Failure to do so may result in a notice of non-compliance, and/or notice of temporary suspension.
